## TABLE SAW CTS-375.3

**Order-no.:** 50007778

The CTS-375 is a large, comfortable table saw for use on construction sites. It can be used to cut large workpieces quickly and easily. It is equipped with a pendulum cutting arm for cutting large workpieces using the step cut method.

Stones to be cut are placed on the fixed support table and the entire rail-guided cutting carriage is guided over the workpiece with a hand wheel.

- Ball bearing mounted pendulum cutting arm - height adjustable and lockable
- Side handwheel feed for convenient operation
- Galvanised, removable water tray for easy cleaning
- Stop bar and angle stop as standard equipment
- Cooling water supply by electric water pump
- Automatic star-delta start and hour meter
- Crane eyes for easy loading or moving on site
- Lockable swivel castors
- Forklift profile is optionally available

optional forklift profile

Now also available  
fully galvanized
